Re: Ex Parte Notice
CC Docket Nos. 02-6, 09-51
Schools and Libraries Universal Service Support Mechanism
A National Broadband Plan for Our Future

Dear Ms. Dortch:

On July 28, 2010, members¹ of the State E-Rate Coordinators Alliance (SECA) participated in a conference call with staff of the Telecommunications Access Policy Division of the Wireline Competition Bureau – Gina Spade, Regina Brown, Dana Bradford, James Bachtel, and Rebecca Vena.

We discussed some of the Initial Comments filed by SECA in response to the Notice of Proposed Rulemaking (FCC 10-83, Released May 20, 2010) regarding proposed changes to the E-rate program to implement the National Broadband Plan. Specifically, we responded to questions from FCC staff about the current technology planning requirement, the FCC Forms 470 and 471, the definition of rural areas, dark fiber, and Web hosting.

Respectfully submitted,

/s/ Gary Rawson
